Dear Mr. Galetka:

On June 24, 2013, this office received a copy of a Plan of Operations for the Hardpickin #6 Project. The lands proposed for mining in the project are administered by the BLM and this office has jurisdiction for the project disturbances under the 43 CFR 3809 regulations. The Plan of Operations proposes alabaster mining and processing within the NE¼ sec. 20, T. 38 S., R. 1 W., Kane County. DOGM has serialized the project as E/025/0033 and BLM has assigned file UTU-090390. Please reference the UTU-090390 number in all future correspondence with this office.

- **Your Plan of Operations was reviewed and found to be complete**
- **A NEPA analysis of your Plan of Operations was completed by the BLM Kanab Field Office, was sent out for public comment, and was signed complete**
- **A reclamation bond amount was calculated for the proposed mining project and was approved by both the BLM and the Utah Division of Oil, Gas, and Mining (DOGM)**
- **Your reclamation bond was received and approved by DOGM and is being held by them**

You are now permitted to conduct mining activities on the Hardpickin #6 mine provided that you have obtained all necessary approvals from any other appropriate agencies.

Attached to this letter is a copy of the Conditions of Approval document as well as a copy of the Permit to Commence Small Mining Activities from DOGM.

If you have any questions, feel free to contact James Holland at the Kanab Field Office at (435) 644-1277.

Sincerely,

A handwritten signature in black ink, appearing to be 'H. Barber', with a horizontal line extending to the right.

Harry Barber
Kanab Field Office Manager
